

Guidelines for Securing Attorney General Representation for Courts and Court Agencies

SCAO has recently received questions from friends of the court regarding the procedure for requesting Attorney General representation. The chief judge of the circuit court may request Attorney General representation for the friend of the court or other court agencies under the Guidelines for Securing Attorney General Representation for Courts. The guidelines can be found at: http://courts.michigan.gov/scao/resources/standards/ag_stds.pdf

Courts should contact their regional administrator with questions regarding the policy.
